

Here's how I try to download the key file:

Log into VStabi and navigate to My Devices and click the Download here URL

End Result – A blank screen will pop-up without downloading the key file.

Here's my OS

Windows specifications

Edition	Windows 10 Pro
Version	21H2
Installed on	5/02/2021
OS build	19044.1526
Experience	Windows Feature Experience Pack 120.2212.4170.0
